

From Principal's Desk..... Academic Year : 2021-22

Winning is good but to hold it consistently is great. Success can never be a matter of chance but it is a result of sheer hard work, which we instill in our JAIS students aiming towards holistic growth. Emphasis is laid on scholastic and co-scholastic development of our future torch bearers of society. Concept-understanding with educational technology is given priority rather than rote-learning. JAIS provides our students the ladder to achieve high rise mountain success.

Working or walking to the level to attain success is the idea behind a meaningful and successful life.

JAY AMBE INTERNATIONAL SCHOOL is always thankful for the continued support of parents which always remain the part of Jay Ambe family.

With Regards!

Rekha Shelke
Principal (C.B.S.E.)
